WILLIAM A. JAMP MEMORIAL FOUNDATION

WASHINGTON, D. C.

October 8, 1958

Hon. Aileen W. Dulles
Director
Central Intelligence Agency

Dear Mr. Dulles:

The William A. Jamp Memorial Foundation takes pleasure in sending to you herewith an invitation to nominate an employee of your department or agency to receive the Tenth Annual Award of the Foundation.

In addition to the principal award to be granted in 1959, the Foundation may grant up to three special "Honorable Mention" certifications. The Foundation also provides to the departments and agencies special recognition certificates which may be presented, during the respective departments' honor awards program, to employees nominated as their candidates for the Jamp Memorial Award.

Participation in this program each year has been very gratifying. The high quality service and accomplishments reported for the candidates gives an excellent cross-section of the large reservoir of potential and competent leadership among the young employees in the public service. We suggest that the names of your nominees be publicized through your house organ and other means as a stimulus to others to improve the quality of the public service.

All nominees to be eligible for the 1959 Award must be received no later than February 1, 1959.

Sincerely yours,

James M. Hitchell
Chairman, Board of Trustees
